### **Goals of PKTC:**

1. To provide a price guide for the community that is accurate.
2. To give the cheapest but also most fair prices across the forums.
3. To provide cards quickly for a great price.
4. To do our best to serve the community in any way possible.
5. And to be not just a place to buy cards, but be a place that our community can enjoy.

### **Our Purpose:**

Everyone here loves the card game of Pokemon and wishes the best for the community above anything else. I (9999ben9) created this company because I wanted to create a place where a player could get everything he needed for the most cheap and fair price available while also offering an amazing rewards program for everyone (The Phantom Gate). We personally try our hardest to find the best balance between giving the cheapest price possible and not bankrupting ourself because we care for this community more than we care for our own collection. We strive to serve this community by offering the best system possible for buying cards at a fair price.

---

## **RULES:**

(These rules are subject to change without notice.)

---

1. **You must obey all rules.**
2. This is a company that sells cards for packs. We do not buy cards but we offer trade-ins for certain cards. To see the value at which your cards can be traded in for other cards, check the trade-in's post. For trading pack values go to pack ratios.
3. Unless otherwise stated, we will trade only up to 4 copies of the same

cards to any one customer in one order. Some \* rated cards may be limited to 2 per order if they are in high demand or are very hard to find.

This is to prevent drainage in stock that can affect other players ability to get these cards.

4. We can say no to any trade, even if you are offering the price listed.

This is due to prices sometimes not being updated quickly enough and the price has changed before we could change it. But I usually personally either compensate for changes in price or give the cards for the original price when ordered.

5. If we suspect that you are buying our cards and trying to flip them immediately for fast profits, we may not trade accept the trade. This again is to protect the community from not being able to get the cards they need at the most fair price available.

6. If you have a problem with the company or this thread please pm me through the forum pm or in-game, please do not complain or post rants in the comments. Friendly suggestions are welcome and appreciated.

7. If we do not have any of the ordered card in stock, we will notify you, and give you the option to wait until we do get your ordered cards or cancel the order. If you decide to wait we tell you the estimated waiting time and send you the trade as soon as we get the card.

9. Once we have sent the trade, we reserve the right to cancel it after 24 hours have passed. Please re-post your order if this happens, you new order will be subject the current market prices.

10. We do take orders from people from other companies, but they must pay their price if their price is higher and our price if theirs is lower. Our pack ratios will remain the same for these trades also.

# The Phantom Gate

## How it works:

1. A prize is hidden behind The Phantom Gate, which can only be opened by a specific Gate Key. once the gate is opened, the prize is given out and a new phantom gate is created with a new prize.
2. **Any order that is worth 10 standard packs or more earns 1 Gate Key.** A single person can earn multiple Gate Keys if they make multiple orders worth 10 or more packs. **Any orders with a trade-in are not eligible for keys.**
3. The Phantom Gate can only be opened once all Gate Keys for that gate are given out
4. When all Keys have been given out, one Key is selected **at random** and that Key will open the Phantom Gate.
5. A Phantom Gate does not have a time limit, it will continue until all Gate Keys for that gate are given out.

You guys are my favorite trading company. May I have the honor of making the first order?

1 holo Battle Compressor --> 1 AO pack

And if it's included under "all other uncommons" on the HGSS Triumphant section:

1 holo Seeker --> 2 BT packs

Hey man, I can send your foil battle compressor for 1 1:1 pack as it is a kinda annoying card to get your hands on. 😊

For the holo Seeker, that is quite expensive, I myself had to pay close to 6 packs for mine and I don't believe we will ever be selling HGSS era foils due to the fact that they are expensive and with some of them, no one knows the price, like foil Smeargle I was told is 5-25, and foil Super Scoop Up, back in AO was 6 Plasma Freeze, but now, you can sometimes get it with a RA Shaymin-ex and 20 RS. So we can't sell foil HGSS era cards unfortunately. 😞

  
gotta catch 'em all

02 January 2016 - 10:22 PM

Sorry! 😊
